

## HT 2000 E

Assembly tables

Modular work table for a production line (basic module). Stable steel construction. Universal system of work tables for lines with a continuous production flow. Modular system: basic module + additional module. Add-on elements for individualised expansion. Additional modules are easy to install. Versatile work table for all applications: for example, as an individual table in the production flow, as an in-line workstation for assembly work, as a work table for gasket insertion, for the post-processing of special-order production items or as a buffer zone. Table supporting surface with plastic slide bars. Adjustable height. Simple installation with a modular system design.

### Supporting surfaces

Supporting surfaces with plastic slide bars

### Storage tray

Storage tray for setting down tools and accessories

### Height adjustment

Adjustable height; working height can be set to 850 - 1,000 mm by means of adjustable feet

### Storage area (Optional)

Storage area with 6 plastic trays for small accessories, hardware and screws

### Brush strip (Optional)

Supporting surfaces with brush strip

### Felt strip (Optional)

Supporting surfaces with felt strip

**Rubber strips (Optional)**

Supporting surfaces with rubber-knob profile

**Tool rack (Optional)**

Tool rack for pneumatic or electrical tools

**Roller support compl. (Optional)**

Hard plastic rollers with polyamide coating, on plain bearings, load per roller 60 kg, convenient for transport and handling of PVC elements

**End rack (Optional)**

End rack for HT

**End strip with knob profile (Optional)**

End strip with knob profile for HT

**Fold-up pass-through section for HT (Optional)**

Roller support, compl., for fold-up passthrough section
