

## PWS 1400

Transport and trolleys

Profile trolley for vertical storage and transportation of aluminium profiles. Stable steel construction. Ideal for transportation and space-saving intermediate storage of cut-to-length profiles. Vertical profile transportation. Sufficient for 30 - 40 profile bars. Compartment divider height is adjustable. Lower supporting surface with rubber strips. Compartment dividers with protective tubing. Rear back support with rubber strips. Four castors, two of which have a fixing brake.

### Compartment divider with plastic protector

Compartment divider height is adjustable. All supporting surfaces have a non-slip PVC cladding which protects surfaces from damage during storage

### Back support with rubber strips

Rear supporting surfaces equipped with rubber strips protect profiles from damage

### Lower supporting surfaces with rubber strips

Lower supporting surfaces equipped with rubber strips to protect the profiles from damage

### Casters

Four casters, two of which have a fixing brake, provide a high degree of mobility and easy, safe handling
