HT 3000 E

Assembly tables

Modular work table for a production line (basic module). Stable steel construction. Universal system of work tables for lines with a continuous production flow. Modular system: basic module + additional module. Add-on elements for individualised expansion. Additional modules are easy to install. Versatile work table for all applications: for example, as an individual table in the production flow, as an in-line workstation for assembly work, as a work table for gasket insertion, for the post-processing of special-order production items or as a buffer zone. Table supporting surface with plastic slide bars. Adjustable height. Simple installation with a modular system design.
