

PWS 1800

Transport and trolleys

Profile trolley for vertical storage and transportation of aluminium profiles. Stable steel construction. Ideal for transportation and space-saving intermediate storage of cut-to-length profiles. Vertical profile transportation. Sufficient for 12 - 60 profile bars. Compartment divider height is adjustable. Lower supporting surface with rubber strips. Compartment dividers with protective tubing. Rear back support with rubber strips. Four castors, two of which have a fixing brake. Option: height of additional compartment divider is adjustable, with plastic protector.

Compartment divider with plastic protector

Compartment divider height is adjustable. All supporting surfaces have a non-slip PVC cladding which protects surfaces from damage during storage

Back support with rubber strips

Rear supporting surfaces equipped with rubber strips protect profiles from damage

Lower supporting surfaces with rubber strips

Lower supporting surfaces equipped with rubber strips to protect the profiles from damage

Casters

Four casters, two of which have a fixing brake, provide a high degree of mobility and easy, safe handling

Additional compartment divider (Optional)

Additional compartment divider with height adjustment and plastic protector
